Radiology Associates, LLP of Beaumont, Texas Enhances Services with eRAD Teleradiology System

Greenville, South Carolina – August 24, 2010 eRAD, an industry leader in workflow solutions through its native Web-based RIS/PACS and Diagnostic Imaging Information Management, announced today that Radiology Associates, LLP of Beaumont, Texas is now operational with eRAD's teleradiology system sold and installed by eRAD's authorized reseller Merry X-Ray Corporation located in Lake Charles, Louisiana.

The mission of Radiology Associates, LLP is to serve several large hospitals and a variety of primary care clinics and imaging centers in the Beaumont and Port Arthur, Texas area with prompt, high-quality diagnosis. Dr. Gregory Diaz, Owner and Radiologist said, "We believe that radiology service is best when referring physicians and clinical staff have prompt and easy access to reports. eRAD's web-based system enables our radiology group to read, report 24x7, while making results available to referring physicians easily and quickly." Diaz continued, "Our referring physicians can log on and see images and reports without proprietary software or intricate set-up. This allows our radiologists focus on quality patient care and builds a relationship of trust between us and our referring physician customers."

About Radiology Associates LLP

The sixteen-member radiology group currently serves St. Elizabeth and Baptist Hospitals in Beaumont Texas, as well as more than a dozen primary care and imaging center facilities with on-site and remote reading capabilities for all facets of diagnostic radiology.

About Merry X-Ray

Merry X-Ray has been providing quality service for fifty years under CEO, Leo Zuckerman, and plans to be around at least fifty more. As with all great companies, our most precious resource is our employees. Most of our approximate 600-team members have been in the X-ray business their entire careers and many have spent the entire time as MXR employees. We also provide local representation to our corporate base. Today, you can work almost anywhere in the U.S. and choose Merry X-Ray Corporation as your "One Stop Shop" for X-Ray and Digital equipment." For more information, visit www.merryxray.com.

About eRAD
